YOUR SENIORITY.

YOUR RIGHTS.

YOUR VOICE.

As a fourth-generation longshoreman, the waterfront is much more than a workplace to me; it's part of my family's history. My grandfather served as President of Local 970 for many years, and I've grown up understanding the importance of our union, our membership, and the traditions that built it.

I've held a 40-hour position since 2014 and have served as a foreman for Local 1624 at PPCY since 2017. Through that experience, I've gained an understanding of our waterfront, our membership, and the importance of fairness and consistency.

The waterfront is always evolving, but one thing should never change: YOUR SENIORITY! Seniority is earned, and it deserves to be protected.

I'm ready for transparency, consistency, and accountability. No backdoor agreements. No favoritism. No personal agendas. Every member deserves fair treatment and a voice in matters that affect their seniority.

I'll listen, I'll speak up, and I'll always be honest with you.

Your Seniority Matters. Your Voice Matters. Your Vote Matters!

I'd appreciate your support!
