I am respectfully asking for your support and vote as I run for a position on the Seniority Board.

I understand the importance of seniority and the role it plays in protecting the rights and interests of our union members. Seniority reflects the years of hard work, dedication, and commitment we have each put into our careers, and it deserves to be handled with fairness, consistency, and respect.

My Commitment

- Be a strong and approachable voice for all members
- Ensure fairness, transparency, and accountability
- Listen to your concerns and work toward solutions that support our union

> *"Serving on the Seniority Board is not just about holding a position. It's about earning your trust, representing our members fairly, and making decisions that reflect the best interests of our union."*

I would be honored to have the opportunity to serve and represent you. I sincerely appreciate your consideration and would be grateful for your vote.
