Sisters and Brothers of Local 1624,

For those of you that I haven't had the pleasure of meeting yet, my name is Tina Pilcher and I am campaigning for the Recording Secretary position in our upcoming Local election.

A little history on me – I first came to the waterfront in 2015 as a first generation longshoreman in the 'V' card category. During my time, I have worked nearly all checking and clerk positions available – DEC, pad clerk, hatch, VC, exceptions clerk, reach, interchange clerk, placards, and most recently, a VIG rail clerk. I also worked as a ship and dock foreman for many years with both CPO and Ceres.

To say that I am proud of the work I have done over the years would be an understatement. My time on the waterfront has taught me so much, both professionally and personally. Working in these varying departments has reinforced the importance of organization and efficiency within our union because, as we all know, the only constant on the waterfront is change.

Maintaining an open line of communication with members is more vital than ever. My hope is to aid the officials in doing just that by keeping everyone informed of all comings and goings within the Local. Transparency between the officials and the members is crucial to a thriving union.

I sincerely hope you all allow me the honor of serving in this role for Local 1624. If you have any questions or concerns at all, please do not hesitate to contact me. My contact information can be found at the top of this letter.

Thank you for your time and I hope to talk with you soon!

Kristina Pilcher
